environment: Kutikai guarantees eco-friendly manufacturing process and safety of all materials used to manufacture this product.

KUTIKAI

FUNCTION

Simple and at the same time original form of the bookcase from the Peekaboo Collection is practical and nice-looking. It's a place both for children's books, which accompany our offspring from the early moments of life and are an inseparable part of their development, and larger volumes can be placed both vertically and horizontally. The depth of the shelves varies and so does the shape, which shows clearly that the bookcase has been made for children - inquisitive and definitely not satisfied with boring well-known solutions.

DESIGN

The Peekaboo Collection designed by Kutikai is simple in form and has one distinctive feature - a hole which attracts children with its familiar shape and makes them want to explore what's on the other side or play peekaboo.

Simple, safe, and practical, with a robust design, manufactured in a family carpenter shop in the south of Poland under strict designers' supervision.

The collection also stands out for its legs covered with natural veneer - modified oak which make it exceptionally light.
