TECHNICAL INFORMATION

material: bleached solid birch plywood, quality attested, natural veneer - modified oak
kutikai works with natural materials, embracing their original and unique character as a part of design. The colour and the drawing of growth ring may differ on each furniture due to unique character of plywood.

finish: organic paint compliant with the EN 71 part 3 Standard - Safety of toys - Migration of certain elements (no heavy metals).

safety: The product has been designed and manufactured in accordance with the European Standard which is in force in Poland as Polish Standard PN-EN 716-1 & 2 + A1, all Kutikai furniture elements are hand-finished and covered with non-toxic paints, and strong emphasis is put on Safety and Quality Assurance.

cleaning: clean with a rug dumped with warm water. Do not use harsh chemicals as they will remove the finish.

enviroment: Kutikai guarantees eco-friendly manufacturing process and safety of all materials used to manufacture this product.

FUNCTION

Creative work requires convenient and practical solutions. The desk from the Peekaboo Collection has been designed especially for our little artists. It comfortably accommodates four kids who can enjoy drawing, painting or other creative tasks, especially that all the necessary accessories can be stored in the ingenious conduit in the middle. This spacious closed compartment within children's reach will help the little ones find all the necessary pencils and keep the place clean and tidy.

DESIGN

The Peekaboo Collection designed by Kutikai is simple in form and has one distinctive feature - a hole which attracts children with its familiar shape and makes them want to explore what's on the other side or play peekaboo.

Simple, safe, and practical, with a robust design, manufactured in a family carpenter shop in the south of Poland under strict designers' supervision.

The collection also stands out for its legs covered with natural veneer - modified oak which make it exceptionally light.
